## Compounding Certified & Customized

• **What the doctor ordered.** Empower Pharmacy's pharmacists and staff are certified to provide the medications you require - medications that may not be commercially available. Empower offers compounding to meet special needs. We custom make pharmaceutical preparations by using high tech equipment, pharmaceutical grade chemicals, and special drug delivery systems.

• **Nothing but the best.** Empower uses the purest ingredients available for compounding to give you the highest quality medications at no extra cost. The compounds (Estradiol, Progesterone, and Testosterone, just to name a few) are available in different forms such as injectables, capsules, creams, gels, lozenges, and suppositories.

## Rx Dispensing Convenient & Safe

• **One call does it all.** Empower stocks hard-to-find as well as standard medications. A vast inventory of compounded products is also available to fill your complete range of pharmaceuticals needs - with just one call.

• **Convenient ordering.** Doctors can place prescription orders by phone, fax, or internet. Empower will also be happy to obtain your prescription directly from a physician or verify your electronic request with a physician.
